About Us

The Family Leadership Training Institute (FLTI) is a free, 20-week leadership and civic engagement class for adults and youth (11 – 18 years old) that focuses on training individuals to have the civic skills they need to make a difference in the community. Have fun each week while exploring important issues like:

- Community problem solving
- What kind of leader you want to be
- Public speaking
- Building networks
- How to work with the media
- How government works
- Public policy
- And so much more

In the course you will have an opportunity to learn from local and state elected officials and hear from our community's leadership experts and so much more. Each week we explore a different theme based on your interest area. All who graduate receive a certificate from the Governor's office and get an opportunity to visit the State Capitol Building.

Applications are accepted during the fall of each year, usually due by mid-December.
